MILITARY MASS MEETING TONIGHT

President and High Officers to Explain Plans and Details

ENROLLMENT WILL BEGIN

Organization of G. W. U. Coast Artillery Company will be effected at Medical Building

A mass meeting of all those interested in the formation of a company of coast artillery from the students and the alumni of the University has been called for tonight by the President and the Military Committee of the Board of Trustees of the University. It will be held in Lecture Hall 1, of the Medical Building, 1325 H Street, N. W. at eight P. M.

Admiral Charles H. Stockton, U. S. N., retired president of the University will preside, and speeches will be made by General William A. Harvey, commander of the National Guard of the District of Columbia, and Colonel J. C. Castner, adjutant of the National Guard.

Tonight the students will be given all necessary information about the organization. Plans will be explained in all details and questions about different points will be answered. The names of those who wish to affiliate themselves with the organization will be listed, and definite steps for immediate formation will be taken.

The amount of time that the company will require of each man is not exactly known, but in all probability drill will not occupy more than one night a week. Practice at Fort Washington with the big guns of the river defenses there will be held often, and the trips down the river will be highly interesting. As the company will be a part of the National Guard of the District of Columbia, the cost of joining will be little or nothing. Uniforms and equipment will be furnished by the government, and in addition all allowances and pay of the National Guard will be given those who are enrolled.

Enrollment will be for three years, but the bonds will not be as fast as an enlistment in the regular army. It will be possible to obtain leave of absence for the summer or at other necessary times, and on removal from the city or for other good cause an honorable discharge will be granted.

Rooms in one of the present armories of the National Guard will be allotted to the organization. Should the company so wish, however, it is highly probable that quarters could be rented at a place centrally located to the buildings of the University.

The minimum size of a coast artillery company is sixty-five men, exclusive of commissioned and non-commissioned officers. An organization of this size would be officered by a captain, first lieutenant, second lieutenant, first sergeant, four other sergeants, and six corporals. The largest company possible under the regulations would consist of 101 men, four additional sergeants and four additional corporals. The commissioned and non-commissioned officers for the proposed company will be selected from the ranks of the students and alumni who join the company. Commissioned officers of the regular army will act as instructors.

Nearly forty-five men sent in their names during the summer signifying their intention of enrolling in the company.

All men should attend the meeting and

learn more about the plans of the organization.

Following the excellent plan of the Board of Trustees of the George Washington University, Yale University is now organizing a unit of the Connecticut National Guard from the undergraduates of the institution. It is stated that a company of heavy field artillery of 138 men and a troop of cavalry will be formed. The University authorities are to furnish barracks and a range for these military organizations, and, similarly to our organization, they will be instructed by detailed regular army officers.

It is highly probable that the Yale authorities received the idea of a student military committee of our Board of Trustees. When each male student of the University was sent a circular letter last spring concerning the artillery company, all the large colleges of the country, Yale among them, were sent this letter.

President Stockton is highly gratified that the idea has taken root elsewhere and that the work of preparing for our national defence is progressing as never before.

Dean Buckingham Addresses Veterinary Students

THE EIGHTH SESSION OF THE COLLEGE OF VETERINARY MEDICINE

"New Discoveries Have Made the Future Brighter," He Says

Dean Buckingham made the principal address at the opening of the eighth session of the students of the College of Veterinary Medicine in the Medical Building, Wednesday, September 29, at 8 P. M. Lecture Hall No. 1 of the Medical Building was used for the assembly on account of the large Freshman class which could not be accommodated in the Veterinary College Building on 14th Street.

The Dean claimed that the future was brighter for the Sophs and Juniors on account of the new discoveries which have enlightened their work, and wished to discourage the idea that every new automobile put out of the factory makes one horse less. "The auto," he said, "makes going comfortable and enlarges our field although it has eliminated to some extent the light horse."

He stated that many have but a slight idea of the special lines of work open to the veterinarian, especially the general work of a practitioner which occupies the bulk of the number of that profession in city and country. He cited here the recent foot and mouth disease which caused so much alarm throughout rural districts. It is in such cases of epizooty that the veterinarian is called for.

"The U. S. Army," he said, "holds a competitive examination through the Civil Service Commission by which the veterinarian might receive a commission with rank of lieutenant."

In speaking of the faculty, Dean Buckingham told of how Doctors Potter, Hall, Kelser, and Ingersoll of the Agricultural Department were prohibited from accepting positions as instructors in the College on account of the executive order of March 19, 1905, which ruled to that effect. This ruling is very discriminating in that the employees might take positions as instructors in any other subject.

Other speakers of the evening were, Dr. J. P. Turner, Dr. Hall, Assistant Zoologist of the U. S., Dr. Grubb, of the D. C. Health Department and other members of the faculty.

FRESHMAN LUNCH BRILLIANT SUCCESS

Speeches as Well as Lunch Please All

NEW GIRLS WELCOMED

Each Class Represented by Large Number of Co-Eds

The Women's University Club scored another brilliant success in their luncheon given last Saturday in the Assembly Hall. The luncheon was in the form of a welcome to the lower classmen by the upper classes.

Dean Wilbur and Dean Hodgkins joined the co-eds long enough to partake of the delightful luncheon prepared. Dean Hodgkins paraded under the guise of Helen * * * (we hesitate to mention the surname in this connection!). There were present also two other masqueraders — the fair Cleopatra Augustus '23, and gentle Clementina Dorothea Davisiana, both of whom indulged in hot dogs. The happy co-eds numbered over two hundred, a goodly part of which was from the ranks of the Freshmen. If gay laughter and empty dishes are at all symbolic they had a good time.

The luncheon was followed by a selection of delicacies in the form of toasts. These were given by a representative from each class, and the classes are surely to be complimented on their choice of speakers for this occasion. Miss Lettie Stewart was toastmistress. The Obnoxious Gnat was the Freshmen toast, given very splendidly by Ida Harry '19. She declared that the toastmistress was in error in assuming that the obnoxious gnat was a thing to be heard and not seen, and that on the contrary the epithet should be translated to mean "away from harm" and that therefore these gnats were really very innocent. They could not appeal to the sophomores for help, nor even to the juniors, since their toast was the "Gay Butterfly", nor even to the Seniors, loaded down with their heavy burdens, consequently the glory and honor to come to the Freshmen class will not be shared — "they did it all by themselves".

Lucy Burlingame represented the Sophomores in a very clever toast in rhyme — "The Busy Bee", which told the Freshmen what to anticipate in the future.

The "Gay Butterfly" was the toast given by Theodosia Seibold who represented the Juniors. She emphasized the fact that gay butterflies are not selfish in their delights, but on the contrary have big hearts to welcome and help the classes of '19.

Joanna Best '15, president of the W. U. C., was the "Wise Old Owl" of the series. She first explained why the senior toast was made last instead of first — so the underclassmen could enjoy it, their fright being over. She started out with the statement that she would not give advice, since "Of all the vices, advice is the worst and most prevalent". A welcome by the seniors was most happy, she said, since they, of all the

classmen knew best the joys and hardships along the way, and that one gets out of his college life just exactly what he puts into it. The bit of advice which she did indulge in was well worth listing to: "Put all vim and enthusiasm possible into every college activity, the W. U. C., athletics, glee club, and *The Hatchet*. Put fellowship and sincerity into all your relations with your fellow students and the best that is in them will come back to you. There are many joys in friendships; they are important and you can not get along without them. This is the Seniors' welcome to you."

Aim of Faculty Committee on Student Activities

DEAN FRASER, CHAIRMAN

"Committee is to Foster and Advise Activities," Says Professor McNemar, Secretary of the Committee

The President's Committee on Student Activities of which Dean Fraser is Chairman and Professor McNemar, Secretary, is for the purpose of fostering athletics and activities in general, among the students of this University.

The committee is to act as an advisory board to see that such activities are properly conducted and not to act as an obstacle. It will prevent the students from engaging in a large undertaking without being prepared to meet their financial obligations.

Professor McNemar, well known for his strong attitude toward anything progressive in the University, made it plain to *The Hatchet* representative that the committee was to FOSTER, ADVISE and DIRECT activities and NOT to hamper them in any manner.

The Committee's position is well defined in the following minutes adopted by the President's Council, May 29, 1915:

1. By student activities shall be understood all actions entered upon by individual students or groups of students whereby the name of the University or any of its departments is used or implied (i. e., such as the George Washington University Senior Promenade; the Columbian College Glee Club; Fraternities; *The University Hatchet*, etc.), and which intellectually, physically, socially, morally or financially affects the whole or part of the student body or the University.

2. To properly direct, control and account for student activities, a committee to be known as the Committee of Student Activities shall be appointed by the President of the University, which committee shall consist of one member from each division of the University, the Chairman and the Secretary to be designated by the President. The Chairman of this Committee shall have authority to appoint from time to time such sub-committees of the committee as may be necessary to carry on its work.

3. The Committee on Student Activities, subject to the President and President's Council and the provisions of these ordinances, shall have full control and responsibility for all student activities in the University.

4. No student activity shall be allowed in the University unless approved by the Committee.

5. All student activities shall be under the supervision of the Committee and

(Continued on page 2.)

DEBATING COUNCIL ARRANGING SCHEDULE

G. W. May Debate North Carolina, Swathmore and Indiana

EXPERIENCED MEN IN CHARGE

Provided Finances Can be Arranged, Outlook is Bright

If plans now being made by the Debating Council materialize, George Washington will have the most successful intercollegiate debating year ever.

Challenges have been sent to nearly all the large colleges and universities in the east. Efforts also are being made to establish a triangular debating circuit.

The University of North Carolina, Swarthmore College and the University of Indiana have signified their desires of arranging debates, and provided financial matters can be arranged, they will be booked. It is possible that debates also will be arranged with the University of Pennsylvania. A challenge has been sent to the Naval Academy at Annapolis, and a reply is expected within a short time.

At the close of the last academic year, the Debating Council met and elected Professor E. Otto Schreiber, Jr., of the Law faculty as chairman; Professor Leslie Cleveland McNemar, of the Department of Arts and Sciences, as coach; Shirley Penrose Jones, as student manager.

Professor Schreiber during his student days was one of the star debaters of the University, editor of *The Hatchet*, and holder of numerous other honors. In the capacity of chairman, he will also assist in the coaching of intercollegiate teams.

As to Professor McNemar, it is not necessary to make much comment. His perseverance and tireless energy have resulted in the accomplishment of many things heretofore thought to be impossibilities in George Washington. That the debating teams will have splendid coaching is borne out by memories of the debates with Pennsylvania and Cornell Universities in 1914.

Mr. Jones who received his LLB degree at the last Commencement, and has returned for Master's work, distinguished himself as a member of intercollegiate teams. As student manager, a new position in the Council, it will be his duty to make arrangements for the holding of intercollegiate debates in Washington, and for the reception of visiting teams. He is also president of the Delta Sigma Rho honorary debating fraternity.

Mr. Marcus is an ex-president of the Columbia Debating Society and has always taken an active interest in debating.

The other member of the Council is Howard Hodgkins, representing the Enosian Literary Society. Mr. Hodgkins interest in all that pertains to student activities is well known, and his presence as a member of the Council will be of inestimable benefit to it.

Advance reports to the Council indicate that there is much good material for teams to be found both in the debating societies and out, and it is urged that all who feel that they possess qualifications along this line communicate with the Council when the time for tryouts arrives.

Editorials

Information has reached *The Hatchet* that a person or persons are soliciting voluntary contributions to form a fund for the benefit of *The Hatchet*. The use of the name of *The Hatchet* in this connection is wholly unauthorized, and the public is warned that persons so doing are obtaining or attempting to obtain money under false pretenses. Information of any further attempts should be given *The Hatchet* at once.

The only authorized solicitations are for yearly subscriptions at one dollar, and for advertisements. *The University Hatchet* is now published by the corporation, The University Hatchet, Inc., and is self-sustaining, the receipts from subscriptions and advertisements paying for the publishing of the paper.

We have heard people complain much upon not seeing news of their department in *The Hatchet*. And we wondered how much stuff those same people have sent in to be published. To get news of your departments, your favorite school activity, your class, in this paper, you must see that such news is received at our office. The editors can get a little information from each of the departments at great intervals, but it is up to the classes in the different schools to see that some person consistently sends information in to *The Hatchet*. This publication represents the whole University, each and every department of it. It is not run for any one branch alone. News of every department, therefore, should appear in every issue. If such news is sent in, it will be published. News to appear on Friday should reach *The Hatchet* office not later than Tuesday, 6 P. M., preferably sooner.

To our reporters. Never go on the track of an idle rumor for it is an established fact that it travels on high gear with muffer out.

Here's pretty good advice from a new student. "The law of gravity is never to laugh at your own jokes."

You'll find that no student is so ignorant that he can't give advice.

"Loss of memory," says a Soph, "is no calamity in case of a Fresh."

COLUMBIAN DEBATING SOCIETY MEETS

Recall of Judges, Subject of First Meeting Tonight

The first meeting of the Columbian Debating Society will be held in West Hall of the Law School on Friday, October 8th, at 8 P. M. This society is one of the foremost debating organizations in the Law School and its programs are always interesting and instructive. Each member has a chance to participate in the debates and thus augment the lecture training in law with practical experience in speaking to an assembly. Although usually the membership is made up largely of students of the Law School, it is desired that many new members from the other departments as well as the Law School will be present.

The debate for the evening will be on "Resolved, That judges should be recalled." Everett F. Haycroft and Marshall H. Francis will uphold the affirmative, while P. B. Morehouse and Oscar A. Johannesen will argue the negative.

ORCHESTRA TO ORGANIZE

All Men Who Play Orchestral Instruments Invited to Join

The G. W. U. Orchestra organized last fall by David Davis and Maurice Herzmark is issuing a call for additional men for places vacated by last year's graduates.

Last season proved remarkably successful, the Orchestra having rendered music for a Concert for the benefit of the Belgians, for the School Play, "Sweet Lavender", for the reception tendered the University by the W. U. C., and for numerous fraternity and sorority dances and socials.

It is expected that this season, with more material due to the early organization of the Orchestra, that it will have even greater success than during the previous season.

Any man in the University, who plays an orchestral instrument, is invited and earnestly requested to attend the first rehearsal which will be held in the Assembly Hall of the A. & S. Building, 2023 G St., N. W., on Friday October 15, 1915 at 8:00 P. M.

A. & S. PARTY PLANNED

W. U. C. will Repeat Last Year's Success Nov. 5

A large A. & S. party, similar to the one held last year, is being planned by the W. U. C. for Friday evening, November 5, in A. & S. Assembly Hall.

A musical program with a few speeches, is being arranged. The University Glee Clubs and the University Orchestra, are expected to aid in the entertainment. After the set program the floor will be cleared and dancing will hold sway. This promises to be a function well worth attending. All students and members of the faculty are to be invited.

The officers of W. U. C. in charge of this function are Miss Joanna Best, president; Miss Gertrude Fogerty, treasurer; Miss Emma Reh, secretary.

UNIVERSITY CALENDAR

FRIDAY, OCTOBER 8.
8 P. M. Mass Meeting for coast artillery company, Medical Building.

8 P. M. Columbian Debating Society, Law School.

8 P. M. W. U. C. Mask Party, A. & S. Assembly Hall.

THURSDAY, OCTOBER 14.

PLANS SUMMER SCHOOL NEXT YEAR

The President's Committee to Consider Project

The University may conduct a summer school next year. The project which has been under careful consideration for some time will probably have definite plans formulated for it within a short while.

Dean Ruediger suggested the establishment of such a school, and the matter is looked upon favorably by President Stockton. Dean Ruediger has been making a study of summer schools and their methods. President Stockton has appointed a special committee to consider the details of the project and submit a report to the president's council. The committee is composed of the following: Dean Ruediger, Dean Borden, Dean Hodgkins, Dean Munroe, and Dean Wilbur.

It is believed that the committee will hold a meeting within a short while. The establishment of such a summer school at this University, it is thought would prove exceedingly popular as it would enable students to complete their courses in a shorter time.

A step in the direction of regular summer school was the course in bacteriology given during the past summer in the Medical School.

The Queue

The little booklet of information for Freshman recently issued by the Sphinx, "The G. W. U. Queue," is selling very rapidly, and now is the time to procure one if you are not already supplied.

GIRLS' BASKET BALL

First Meeting on Oct. 19

The first call for candidates for the girls' basketball team has been issued for Tuesday, October 19, the meeting to be held in Epiphany gym. The captain of this year's team is Miss Theodosia D. Seibold, and the manager will be selected at the first meeting. With last year's successful year as a precedent this year's team should be the best ever. An extensive schedule is promised.

W. U. C. PARTY TONIGHT

All Co-Eds are Urged to Attend Costume Function

Tonight at eight in the A. & S. Assembly Hall the W. U. C. will give its first social of the year. It will be a party where masks and costumes are to be the fashion, and the whole affair is to be given primarily in honor of the Freshman girls. The only way in which this party is to be exclusive is that none but Co-Eds will be allowed to attend. Every girl, especially every Freshman, is urged to come and have a good time.

Part of the program will consist in the playing of such classics as "Grand March" and "Going to Jerusalem" by all present. Then refreshments are promised, and those who wish will be able to dance. The hearts of the young, if they are lucky, will be delighted by wonderful prizes of various kinds. Don't you think you had better go now that you know what you are going to miss?

In an effort to have all dues for the semester paid up by Friday night a contest will be held tonight. The class reporting the largest number of "paid ups" will win the prize. Freshmen will please make payments to Miss Lloyd and Miss Pugh; Sophomores to Phyllis Stewart; Juniors to Helen Miles, and seniors to Margaret Knowles. Gertrude Fogerty, treasurer of the Club, will receive dues from any one and credit it to the proper class. The alumnae may pay their dues to Miss Fogerty. The dues are twenty-five cents a semester.

GIRLS' TENNIS TOURNAMENT

Drawing Scheduled Tonight; Play Begins Tomorrow

A girls' tennis tournament will be held tomorrow on the Municipal Courts. The entry list will be open to all girls registered in the University and the entry fee is twenty-five cents. Drawings will be made tonight at the A. & S. Building shortly before the W. U. C. Social, and entries will not be closed until the time of the drawings. Play will probably begin on Saturday at about noon, although the sets will be played at times suitable to the contestants. All tennis "sharks" are urged to compete.

Miss Theodosia D. Seibold is active in arrangements.

Aim of Faculty Committee on Student Activities

(Continued from page 1)

The Committee shall see that they are properly conducted, becomingly carried out and that financial obligations are provided for and met.

6. Should any student or group of students engage in any activity as defined in paragraph 1 without consent of the Committee or conduct an activity in an improper manner, or fail to meet pecuniary obligations the Committee shall investigate the matter and render a report and recommendation for action to the President.

7. The President of the University shall have authority to discontinue any improperly conducted or discreditable activity and to withhold credits, suspend or expel any student or students who institute an activity without authority or who bring discredit upon the University or the student body by failing to properly conduct an activity or meet the obligations incurred and incident thereto.

8. The Committee on Student Activities when appointed under these ordinances shall consider ways and means of financial support for athletics, and for the weekly and yearly publications and report to the Council on or before December 23, 1915.

9. All activities defined in paragraph 1, shall be carried on during the session of 1915-16 as in previous sessions but under direction of the Committee on Student Activities.

The President later appointed as the committee on Student Activities, Dean Fraser, Chairman; Professor McNemar, Secretary; Professors Henning, Ruediger, Dougherty, Stout, Bassett, Deans Kalusowski, and Buckingham.

FACULTY AND COURSES

Record breaking classes in laboratory chemistry have been reported by Professor Swett, who has charge of the second floor laboratories in the Medical Building. Both the A. & S. and medical classes are unusually large.

Mr. Cecil K. Jones, an expert in Romance Languages in the Library of Congress, has been appointed Instructor in Romance Languages to fill the position left vacant by the resignation of Mr. William F. Smith, who has gone to St. Louis. Mr. Jones is a graduate of the University of California, and has had previous teaching experience. He will teach the class in Spanish I. This class this year is unusually large, numbering nearly fifty. It is probable that a morning section of this class will be formed.

Mr. Arthur D. Call, who is Lecturer on Elementary Education in the Teachers College, has been called to California in connection with his work in the American Peace Society. He will return to begin his classes on October 26.

Justice Wendell P. Stafford composed a dramatic ode entitled "Voices" for the 49th annual encampment of the Grand Army of the Republic, and this was read by him at the general campfire on September 29.

An unusually large class in Mathematics, 12, has necessitated the forming of two sections, one meeting on Monday, Wednesday and Friday, and the other on Tuesday, Thursday and Saturday, both at 5:50.

Employment Bureau in Law School

CIRCULARS SENT OUT

Worthy Students will be Given Positions Through Law School Office

A bureau for the securing of work for prospective and present students of the Law School has been established. It will be run from the office of the Law School and Secretary William C. Van Vleck will be in active charge.

Washington merchants have been circularized in the interests of the bureau.

Part of the letter sent to them follows: "The Students' Employment Bureau aims to help students in the Law School obtain employment. These students are from eighteen to thirty years of age and hold high school diplomas or college degrees. Many of them have had training and experience in commercial or technical branches, and there is scarcely an occupation for which some one of the four hundred men is not fitted.

"The Bureau is operated only for worthy enrolled or prospective students. It charges nothing for any services it may be able to render to either employer or employee. It will recommend for employment only the best applicants.

"The School will appreciate advice from time to time of any needs you may have for help of any kind. Whatever the work, private secretary, tutor, stenographer, chauffeur, waiter, elevator operator, etc., for the whole day or a few hours per day, you may secure here a man superior to the help usually obtainable and you will be assisting some worthy man to obtain an education."

Blanks for the systematic registering of the demands for employment and employees are now on hand in the office and the bureau is in operation.

Co-operation on the part of all departments of the University in the finding of places of employment is desired.

Paddy's Rules of Order.

The Irish chairman was seriously annoyed during roll call by muffled replies to the names of absent members. At last he blurted out, "Members not here shtop answerin'!"

Assembly Marks Law School Opening

JUSTICE STAFFORD SPEAKS

Students Hear Other Speakers and Awards are Announced

The Assembly Hall of the Law School was filled Wednesday afternoon, Sept. 29th, at the opening session of the school.

The President, Admiral Stockton, after welcoming the old and new students, addressed the students on the question of "aiding others," pointing out the fact that the acquisition of mere knowledge was not sufficient in the development of the individual, and that he was best educated and most successful who learned the highest of all arts, that of service. The President commented on the fact that, in a recent trip extending over some sixteen States, he had been gratified to find former graduates of the school occupying positions of much honor and trust.

Dean Fraser followed with a brief outline statement of the aims of the school, announcing the changes in the faculty, which were occasioned by the leave of absence granted to Prof. Ferson, and the resignation of Prof. Church. The new members taking the places of these two are Dr. Judson A. Crane, and G. W. Ramsey.

A list of the prize winners and honor students of last year was read.

The Phi Delta Phi prize, awarded to that member of the first class taking the regular course who attains the highest average grade in the entire work of the year, was announced to have been won by C. O. Marshall. The Ordronaux prize, awarded to that member of the second year class attaining the highest average grade in the work of the second year, was awarded to W. R. Gregg. K. S. Neal was announced to have won the John Byrne & Co prize, awarded to the student attaining the highest grade in real property. The following students were announced by Dean Fraser to have attained an average grade of A in the work of last year: Third year class, G. M. Marechal; second year class, R. L. Deal, W. R. Gregg, L. O. Hutchinson, K. G. Pringle, H. H. Semmes, S. G. Thornton, O. R. Vaughn and H. F. Wiegand; first year class, A. J. Banks, D. H. Cannon, O. A. Johannesen, S. V. McKinley, C. O. Marshall and J. A. Ososnach.

"Fidelity to truth and justice, as man's governing duty," was the theme of a splendid address delivered by Justice Stafford. "The great injunction given that men should love God first and second to that his neighbor, embodies the foundation of all law and order, as well as true happiness. Whatever the profession, idealize it—surround it with the noblest thoughts. The lawyer should imagine the highest types in his profession, the Marshalls, Erskines, and Demosthenes. While we all cannot hope to be some particularly bright star, we can all hope to be among the individually invisible throng who help to shed light upon mankind."

M. Manning Marcus of the Columbian Debating Society made an earnest plea for student support, explaining the aims of the society, and announcing that there had been arranged for the coming season a series of intercollegiate debates with some of the larger Universities.

A representative of *The Hatchet* told how valuable the weekly is to law students.

Wm. Bruce King, of the Board of Trustees as well as a graduate of the class of 1880, contrasted the facilities of the law school of today with those 35 years ago, relating many interesting incidents connected therewith.

Q. E. D.

From Judge.

"You will excuse me. I never learned geometry."

"Geometry? Nothing! It's only the plain truth I'm telling you!"

"Yes; but you tell it by so many angles that it sounds to me more like plane geometry."

WIT O' THE WEEK

Leslie Teller (speaking to Young in Physics lecture):—"Pipe the adjusting screw on the stereopticon."

Upon further observation it was found that the said screw was no other than a standard red clay brick elevating the front of the lantern.

"Yes," said the colonel, pompously, "I am quite confident that the war will be over by October."

"What year?" asked Bildad.

"Ah," said the colonel, "that is another question."

"I'd face a dragon to win that girl, just as knights did in days of yore. In fact, I'd welcome a dragon to face."

"Your wish may be gratified. Wait until you see her mother, my boy."—Louisville Courier-Journal.

"How was the lecture?"

"The subject matter was good, but the lecturer hadn't taken the trouble to arrange it intelligibly."

"What was the subject of the lecture?"

"Preparedness."—Kansas City Journal.

"Is this a first-class post office?" inquired the stranger.

"It's as good as you'll find in these parts," retorted the native with pride.—Buffalo Express.

Choral Confession.

From London Tit-Bits.

Two men were discussing the service as they made their way home from church.

"What was that sentence the choir repeated so often?" asked one.

"As nearly as I could make out it was 'We are all miserable singers,'" replied his companion.

Do You Suffer From Pianos?

From Judge.

Mrs. Kicker—This song ad says: "Try this on your piano." I wonder if it's worth while?

"Kicker—Get the neighbors to try it on theirs first. If it does their piano any good, we'll see if it can cure ours."

Mrs. Dents (at the ball game, excitedly)—Isn't our pitcher perfectly grand, Tyrus? He hits the club nearly every throw.—Joplin Times.

She Knew.

From the St. Louis Republican.

"How useless girls are today. I don't believe you know what needles are for."

"How absurd you are, grandma," protested the girl. "Of course I know what needles are for. They're to make the graphophone play."

The Irish of It.

From the Boston Transcript.

Some one noticed that Pat was ambidextrous. "When I was a boy," he explained, "me father always said to me: 'Pat, learn to cut yer finger nails wid yer left hand, for some day ye might lose yer right hand.'"

Telephone Efficiency.

Excited man at telephone: "Hello! who is this? Who is this, I say?"

Calm man, at the other end: "Haven't time to guess riddles. Tell me who you are or ring off."

Mr. Bacon—Wonder whose shirt this is in my drawer?

Mrs. Bacon—Why, it must be yours, of course, John.

"It can't be. All the buttons are on it."

—FIFTEEN!

What does it mean? It is the name and price of P-B Suits that set the pace for style, fabrics and tailoring.

We have selected the fabrics and supervised the tailoring. Say "fifteen" to a P-B salesman and see the extra value P-B Suits. Our guarantee and indorsement is behind every stitch and style line.

*N.B.—Young men are "keen" for the styles in these "fifteen" suits.

Genuine Hawaiian Hand Made UKULELES

The sweetest toned and most charming stringed instrument ever invented is the Hawaiian Ukulele, originated and manufactured by M. Nune & Sons of Honolulu.

It is easy to learn to play the Ukulele. No previous knowledge of music is necessary. Our self-instruction book tells how. Play solos within a week. The ideal instrument for voice accompaniment. Splendidly adapted for quartette work. Indispensable to a stringed orchestra.

FREE: History of Hawaiian Music and complete catalog of genuine M. Nune & Sons Hawaiian hand-made Ukuleles. Write us today and mention this paper.

Priced \$10, \$12.50 and \$15

Instruction book included free.

Shipped prepaid to any part of the United States.

We carry a complete line of Hawaiian music for the piano, Ukulele, steel guitar, etc. Send for catalog—mailed free on request.

Departmental Notes

DENTAL

Dr. Sharp's lectures for dental students will begin Monday, October 11th.

The class in Proctology will begin Monday, October 11th.

Quiz in Medicine for 4th year class will begin Friday, October 8th.

The Senior Dental Class held its election of officers for the coming year on Wednesday, October 6, at 5:40.

Officers of the Junior Dentals, elected Saturday evening, October 2, are Paul S. Gilliam, president; Merl E. Donahey, vice-president; Daniel S. Lockwood, secretary.

ALUMNI

Wayne Hart, who played on the line of one of George Washington's football teams is now coach of football at the McKinley Manual Training School. A former G. W. quarterback, Bryan Morse, this year leads the team of Western High School.

Arthur George Plant of the A. G. Plant & Co., bankers and brokers at 1415 G Street N. W. committed suicide on September 30, following the proceedings of the local court to declare him bankrupt. Mr. Plant was a graduate of the Columbian Law School, '01, and it was with great regret that the report of his death was received.

He was a member of the Commercial, the Cosmos, the University, the Washington Canoe, and the Columbia Country Clubs. He was also a 32nd degree Mason, a Knight Templar, and a Mystic Shriner.

The suicide of Mr. Plant was all the more pitiful because of the fact that sufficient money was left him to pay off his creditors, but he evidently was unaware of the fact.

James P. Nash, manager basket ball team of '13, is soon to be married to Miss Ann Thornton. Nash is now at Austin Texas, as one of the faculty of the university there. He is a Kappa Sigma man and also belonged to the Skull and Circle.

Ewrin Harsch, Engineering, '15 last year's editor of *The University Hatchet*, spent the summer on the Coast and Geodetic Survey Yacht "Isis." He will not return this year for post graduate work.

VETERINARY COLLEGE

The new laboratories for anatomy and pharmacy are completed. They are located in the same building as the hospital and lecture rooms.

Dean Buckingham has arranged to fill the chairs of instructions in parasitology, zoology and animal diseases which were made vacant by a recent ruling of the U. S. Civil Service Commission.

Mr. Coronado, of South America, is registered as a special student in animal diseases and a few other subjects that will assist him in ranching when he returns home.

COLUMBIAN COLLEGE

Miss Helen Short, '16, has gone to Goucher for her Senior year.

Miss Alma Preinkert spent the summer in New York and Connecticut.

Miss Helen Hotchkiss went to Canada for the summer.

Miss Theodosia D. Seibold was runner-up in the women's consolation singles of the annual District championship tennis matches played on the Dumbarton courts Monday. After having defeated Miss Orme, 7-5, 6-2 in the first round, Miss Seibold was defeated by Miss Snow in the finals.

MEDICAL

At a meeting of the Freshmen medical class last Friday the officers for the current school year were elected. The results were as follows: E. Campbell, president; Joseph Kreiselman, vice-president; H. D. Shapiro, secretary; Mr. Smiler, treasurer; Mr. Lockwood, Sergeant-at-arms and reporter for *The Hatchet*. The election was very spirited and consumed some time. Plenty of spirit was shown which promises well for the class. In the class are a number of crack athletes and different teams will soon be formed and will accept challenges from other class teams of the University.

LAW

About the busiest man in town the past week has been Prof. King, who is in charge of the book exchange. He has fully qualified as an appraiser, salesman, receiving and paying teller, as well as keeping both "vendor" and "vendee" in a most happy frame of mind.

Dean. (In class in Pleading) "If Mr. Smith should strike Mr. Brown, what is the first thing Mr. B. would do?"

New Students. "Hit him back!"

Second new student. "I have heard of 'harp-on-his-corpus' (habeas corpus), has then anything to do with it?"

From a Western exchange, we note that Marion S. Tanner one of last year's graduates, had engaged in the practice of law at Salt Lake City, Utah.

Last Saturday evening the Kappa Sigma Fraternity gave a smoker at the chapter house, and many of their friends partook of their hospitality. During the evening a short talk was given by Dean Fraser on the subject of student activities, and Professor King spoke on "Friendship". The occasion was a most enjoyable one.

TEACHERS COLLEGE

Miss Marietta Stockard gave courses in story telling at the summer school of the University of Virginia. She also visited New York in order to consult with Dr. Joseph B. Esenwein, editor of Lippincott's Magazine, upon a book on the short story which they are writing jointly.

Miss Amy B. Gronna, daughter of Senator Gronna, motored to Washington on her return from her vacation at her home in North Dakota.

LITERARY SOCIETY MEETS

Enosinian Literary Society Holds First Meeting Oct. 22

The Enosinian Literary Society, will meet for the first time this year on Friday, October 22 at 8 P. M. in the A. & S. Assembly Hall. Reorganization for the coming academic year and the adaption of the year's program will be the business of this meeting. Thomas R. Manning, president of the society will preside.

The Enosinian Society is the oldest literary society in the University, having had a continuous existence of more than ninety years. Membership in it is open to all students, men and women, of all departments, and it is hoped that the first meeting will be attended by many new members.

CHAPEL

On Wednesday, October 6, the first President's chapel was held. President Stockton delivered the address.

The first chapel of the year on Monday, October 4, was held by the W. U. C. and was lead by Miss Joanna Best. Dean Wilbur spoke on "The First Psalm."

Very True.

Modest bearing is very commendable in a man but is no recommendation in a fruit tree.

With the Greeks

Miss Liela Scott visited the Coast and the Sigma Kappa convention there.

Delta Tau Delta held a rusher smoker on Saturday, October 2.

Sigma Kappa held a shower for the room on Friday night, October 1. Many useful gifts were received from alumnae and friends.

Theta Delta Chi held two well attended smokers on October 2, and October 5.

The first of the Saturday afternoon teas to be given the Freshmen girls by three of the sororities, Sigma Kappa, Pi Beta Phi, and Phi Mu, will take place tomorrow afternoon from four to seven in the chapter rooms of Sigma Kappa, 2024 G St.

On the next two Saturdays, Pi Phi and Phi Mu will similarly entertain the new girls.

Kappa Alpha inaugurated its fall rushing season on Thursday last by a most enjoyable informal smoker at the Chapter House on Columbia Road. As usual, Southern hospitality prevailed. There was an abundance of "cats" and ragtime music furnished by Chamberlin. There were about seventy-five present, among whom was Hardaway of the Hardaway Construction Company of Atlanta. At this time was announced the pledging of Heath Berry and "Happy" Mess. The K. A.'s will be hosts at a second event, a dance, on Friday, October 8.

The Freshman class in Veterinary Medicine is the largest since the school began its sessions in 1908.

Directory of Greek Letter Societies

For the information of newcomers to the University we publish below a list of the several Greek letter societies with chapters at George Washington.

LITERARY OR GENERAL FRATERNITIES

National

W. U. C. TO GIVE MOON-LIGHT HIKE

The First of a Series of Hikes by the Women's University Club to be Held Oct. 14

Several moonlight hikes will again be given by the Woman's University Club this year. The first is to be held on Thursday evening, October 14. The party will start from the A. & S. Building at dusk and hike to some far off part of Washington where the country commences to encroach upon the city. There the company will light a fire and in its light will be sung songs in praise of old G. W., and vacation tales will be told again. Then the commissary will be called upon to produce foodstuffs such as pickles, marshmallows, and "dogs." The stars will look down upon a banquet fit for queens.

This is to be a manless expedition, only co-eds will be welcome. All girls are invited to join in the jaunt and experience an evening that will be long remembered. Freshman are especially invited. Miss Emma Reh, secretary of the W. U. C., is chairman of the hike committee.

An Opening.

From the Youth's Companion. Another story has been added to the imposing array of those told at the expense of the newly fledged bachelors of arts, who have not found the world as eager for their services as they could wish. While waiting for the manager to be at leisure, a young job hunter took occasion to converse with the office boy.

"Do you suppose there is an opening here for a college graduate?" he asked. "Well, dere will be," was the reply, "if de bos don't raise me salary to t'ree dollars a week by termorrer night."

No Alternative.

A well-known politician of one of our Southern States wanted to reward his negro servant for his unfailing good humor in performing his chores.

"Jim," he said, "you have been pretty faithful to me for the past eight years, and I want to give you something that will be useful to you and that you will enjoy. Which do you prefer, a ton of coal or a jug of good spirits?"

"Well, boss," Jim replied, "Ah burns wood."
